To: Public Service Commission of South Carolina

From: Michael D. Travers

Subject: Application for rate increase by Utilities Services OF South Carolina Inc. (USSC) Docket NO 2007-286-W/S

USSC has requested a second increase in rates in as many years (2). Does this mean they intend to do this annually? Our bottom line bills were increased by nearly 40% last year. This is outrageous! Please do not approve this request.
